The West tour explores the fascinating nature of São Nicolau, one of the greenest Islands of Cabo Verde. Starting from Ribeira Brava our first stop is Cabreirinho, and its Atlantic Ocean Caves. With clear weather we see the surrounding Islands. Vale da Ribeira Prata, is considered the most beautiful valley in Cabo Verde and it is our next stop. Our guide will tell us interesting histories about the mysterious "Rotcha Scribida". From here we follow to Monte Cintinha where many of endemic plants can be found. On our way to Moro de Praia Branca we can observe fascinating lava beaches. Morro de Praia Branca is an extinct volcano, where a lot of local agricultural production can be observed. From here we follow to Tarrafal Bay, passing by Vale da Ribeira Brava and Vale de Fajã, 2 of São Nicolau most beautiful

valleys. On our return to Ribeira Brava we still have time to stop at Monte Gordo Natural Park with breath-taking panoramic views!

Transfer from our accommodation to Juncalinho (24 Km). Starting from Amelia's Café, the first 2 Km until we reach the top of Simao Mountain are very demanding, but the reward is the amazing panoramic view over the ocean from the North to the south part of the Island. We follow along the old stone road until Morro Alto, an abandoned village that was built along the lava flow. Continuing along the dusty road we pass by the water hole that supplies the villages of Belém and Morro Brás. Along a valley we walk towards the Oasis of Porto de Lapa. It is said that it was here that the first inhabitants of São Nicolau set up camp but that due to pirate attacks they had to move further north. This is a perfect place to rest and enjoy the sands

with healing properties. Then we follow along lava flows that surround Monte Bissau and climb up to Fio Maria. From there, a parallel trail to the coastline, which allows for stunning views. The trail ends at the Vila da Ribeira Brava.
